

CATCH THE VISION

WHERE THERE IS NO VISION, THE PEOPLE PERISH PROVERBS 29:18

THE FAR EAST

Paul brought the Light to Ephesus. From there, the Light traveled with Irenaeus, Martin, Columba, Luther, and Wesley as it moved westward. Now, in these last days, that Light swept through America, traveled across the Pacific Ocean, found predestinated souls in the Far East, and is now illuminating the entire world.

CHINA,

the ancient civilization stretching back thousands of years, has in this day received the Message of God's prophet, William Marrion Branham.

It was a cold, rainy day in 1984 when the burden struck a gallant brother in China. He was making his way through the soggy, overcrowded streets with an armful of Bibles that he hoped to give to an elderly pastor in that city. The Lord directed his eyes as he looked for some sign of Christianity: A cross on a rooftop? A church building? He found nothing. With the millions of souls in that single city, there was not one sign of Jesus Christ. As his tears mingled with the raindrops, our brother bowed his head and made a commitment: "Lord, if You give me an

opportunity, I will bring your Message to my own fellow Chinese people." Soon thereafter, he contacted Voice Of God Recordings in Jeffersonville and expressed the burden that God laid on his heart.

The work quickly began, and by 1992, the brother, along with a few other Chinese translators, had produced about 20 Message books.

The books were printed small in size, but with large text. The small size allowed

brothers to easily and unnoticeably carry the books from one place to the next, and because the lighting is dim in the Chinese countryside, the text was made larger for easy reading. The cover of some of these books had simply a pale outline of sheep that subtly blended into the background. The barely visible illustration on the cover symbolized the hidden Message-

believing Church in China; the little flock to whom is given grace in a godless world.

By 1994, many more messages were translated. *An Exposition Of The Seven Church Ages*, and shortly thereafter, *The Revelation Of The Seven Seals* books were also translated and printed.

As the Chinese work was becoming more established and the books were slowly being received by the people, God placed the burden on another man's heart. This new believer had been introduced to the Message by his wife, who was a recipient of one of these newly-translated Chinese Messages. She had previously followed many Christian doctrines and frequently gathered with fellow denominational members. She often preached to her husband, who held strong to his atheistic upbringing. Secretly, the brother often read the Bible, but he could see very few similarities between his wife's behavior

and that behavior taught in the Bible. He thought, "How could she really believe the teachings in this Bible when her actions are clearly contrary?" Soon after receiving Message books, his wife started acting a little different. Her hair began to grow longer. She stopped preaching in the prayer

meetings. Her Bible study group eventually completely disbanded. She became much more respectful of her husband. Her voice even became softer. She starting acting like the Bible taught! **"Maybe there was something real about this Bible after all."**

It was no longer her words that witnessed to her husband; it was her actions, and he wanted what she had! He picked up a book called *An Exposition of the Seven Church Ages* and began to read. He then chose *The Revelation Of The Seven Seals*, then *William Branham, A Man Sent*

From God. The Bible became more real as he read book after book. Soon, the burden for his fellow Chinese brothers and sisters became the central desire of his heart. He wanted them to have what he had received. He would soon come to be pastor of one of the first Message Churches in China.

“China is the most populous country (1.4 billion) in the world. The Message should spread faster than any other country. What is hindering it? I would like to devote the rest of my earthly life to the Work of spreading the Message.”

One day, these two men of God greeted each other for the first time with a respectful Asian bow and with the brotherly love that our Lord Jesus spoke of in *John 13:35*. As Peter and Paul of old, they had never met, but came together seeing eye-to-eye on the Message. Both of these men had the same solid foundation that was formed through reading the Words of God’s prophet, William Marrion Branham. And like their predecessors, they wanted to give the Message to their people in Its purest form.

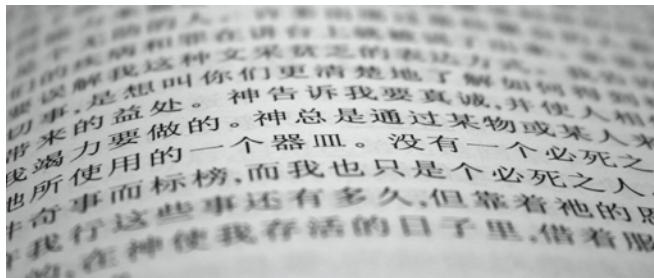

Today, these two brothers are working together doing just that. Both have dedicated their lives to the translation of this Message into the Chinese language and Its distribution to

“I knew Brother Branham was different from other preachers. He had a commission from God, delivered to him by an Angel.”

their fellow Chinese people. Both often travel the Chinese countryside delivering the books and testifying to the small gatherings that make up the Bride of Christ in China.

Over the past several months, a revived effort is going forth to make the Message even more readily available in the Chinese language. Several messages including *How The Angel Came To Me, And His Commission; One In A Million; Trying To Do God A Service Without Being The Will*

Of God; and The Anointed Ones At The End Time have been translated, gapped, and recorded in our Jeffersonville studio and will soon be sent to China. The believers are eagerly waiting to hear these translated sermons. The burning desire within their hearts is to plainly hear God’s Voice and to understand His Word in their own language.

The Chinese believers will also soon have access to the translated *The Deep Calleth To The Deep / The Twentieth-Century Prophet* and *Jeffersonville - A Prophet’s Hometown* videos. Imagine the impact when they see with their own eyes the Gift in action as Brother Branham discerns the very hearts of the people in the prayer line! The mighty Ohio River

and the flood of 1937 will come to life as they watch the *Jeffersonville - A Prophet’s Hometown* video and hear the narration in their native language.

The Lord recently provided a new fully-equipped recording studio at our office in Manila, Philippines that is not only busy with translating the Message into Filipino

languages, but is now also serving as the hub for Chinese translations. Only a short flight separates the Chinese translators from the Manila Office making it an ideal location for the translation effort. Once there, they have every tool of this facility at their disposal. From this studio, they have recently recorded four new messages and plan to record many more as long as the Lord Jesus tarries.

Even with the current progress, obstacles for the Chinese believers are many. The focus often has been in promoting individual ministries and doctrines rather than providing the Message in Its pure form to the people. Many times, this caused confusion among new believers and hindered the effort. **“There is only**

one Message that I would like to bring to my Chinese friends, and that is Brother William Branham’s Message. It is the revealed Word of God for our day.”

In this publication, you will notice that there are no pictures or names of believers, nor even the names or pictures of the cities in which they live. For more than twenty years, we have refrained from publishing anything that would draw unneeded attention to these saints. Their simple and humble request is not to be publicized, but to receive more of the pure and unadulterated Message of the hour. Today there are small congregations scattered throughout China. Our brothers can clearly see how the Lord answered prayers for their people. The Voice of God to this generation has crossed the Pacific Ocean and is striking fertile ground in the Far East. When Jesus Christ calls His Bride, the predestinated seed of China will recognize the Voice.

The last commission He gave to His church: “These signs shall follow them that believe. Go ye into Jerusalem, into all the world, and preach the Gospel to every creature, the white man, the black man, the brown man, the yellow man, the red man, to every creature.” The Gospel is good news. “To every creature,” how long was it to last? “Unto the end of the world. Go ye into all the world, and preach the Gospel.”

One of these Chinese brothers recently traveled to Jeffersonville to help translate and record messages into the Chinese language. His family was also able to accompany him on this trip. While in Jeffersonville, they attended a few services at the Branham Tabernacle. On Sunday morning, the tape 60-0301 *He Careth For You* was played. At the end of the Message, Brother Branham called the people to the altar. This brother’s daughter felt compelled to come forward. As she hesitated for a moment, the Voice of God rang clear in her ears when Brother Branham spoke the words: *“Would you walk and come right down the aisle now? Come right down here and stand. A young woman’s coming, perhaps either... I suppose Chinese woman, coming down now to make her public confession that she needs Christ. God bless you, sister.”* The Voice of God is as real today as the day It was spoken! ■

How wonderful to see God's great plan for getting His Word to His predestinated seed!

The Prophet told us there was a Deep calling to the Deep, and if there is a deep calling, there is a deep to respond. He has a Bride that He is gathering from around the world; young and old, red, yellow, black and white, and we are precious in His sight.

I'm so thankful to the Lord for allowing me to live in this end time. How happy should each of us be to be living in the time that, all through the ages, the prophets and apostles of old wanted to be living—the closing hours of time. As they looked to this day, they knew ALL mysteries would

be finished, and the Lord would be coming for His Bride.

I feel there is a great moving of the Holy Spirit among the Bride at this time. I see Him speaking to our young people as never before; young children giving their hearts to the Lord, wanting to be filled with His sweet Holy Spirit. I see teenagers rededicating their lives to Him, wanting the baptism of the Holy Spirit. How thankful I am to see these tender hearts coming to Him, wanting to live and serve Him. To see them have the same vision and the same Revelation: that God sent us a Prophet with **THUS SAITH THE LORD**, and only by and through this Message, will He call His Bride; for we must have that Revelation.

If there is a tomorrow, they are the ones to carry on with this Message that the Lord has given to us. If the Lord should call me home before He comes, and my great, great grandchildren are here, this Message and His Messenger will still be true, for we look for no other.

Bro. Joseph Branham
