VOICE OF GOD RECORDINGS

# CATCH THE VISION

WHERE THERE IS NO VISION, THE PEOPLE PERISH PROVERBS 29:18

west  
africa

Throughout all of history, never has there been a day like this day. Never have God's children had the far-reaching opportunities that they have today.

*I am grateful, Lord, to be living in this day. This is the greatest day. Paul the apostle longed to see this day. The great men of old longed to see it. The prophets longed to see it. They looked for this day. Abraham looked for this day, for he sought for a City whose Builder and Maker was God; it hangs right above us, tonight. John seen the Spirit of God descending out of Heaven, bore record, knowed that that was the Son of God. And, think now, He's choosing His Bride.*

65-1125 THE INVISIBLE UNION OF THE BRIDE OF CHRIST

In old times, God sent the apostles Peter and Paul to bring the Light of the Gospel to Corinth, Ephesus, Thessalonica, and wherever the Lord led. However, each time these blessed servants went to a city, they had to eventually leave to continue their missionary journeys. They often had to return or write epistles to correct errant ways.

In this last day, the Lord provided both a prophet and a tape recorder. Now, the prophet never leaves his people. Whether it is in Africa or here in North America, the true servant of God has the opportunity to be corrected daily by listening to an audible Voice that God has provided to His predestinated Seed. This is a Voice of love, correction, wisdom, compassion, healing, and power; and fills every need of the Bride of Christ.

Like the apostles of the New Testament, men of God are traveling into the highways and byways introducing the Gospel to every creature. Further, these apostles are now able to leave the prophet's books and tapes with the people. Never before has there been such a blessing upon the predestinated of God.

## The Voice

From the dawn of history, God has used man's inventions to further His Message. Throughout times past, man has used ink to record the glory of God. Scribes spent countless hours copying Holy Scripts and recording the Words of the prophets. God's ink pen became the printing press in the middle 1400's, when the first Bible was printed. Before then, a personal copy of the Bible was unthinkable. The only access God's children had to the Word was through the interpretations of the priests. Copies of the Scriptures were rare, and understanding of the Scriptures was even rarer.

Technology advanced until 1877, when Thomas Edison made the first recording of a human

voice on a phonograph. A little over 20 years later, the magnetic recorder was invented. Then, in 1947, man accomplished what could be his greatest achievement in history; The first audible recording of God's Voice was made.

*"But I am God's Voice to you. See? I say that again. That time was under inspiration. See? And I--I felt bad about the first time, but It repeated it. Now see, I can say nothing in myself. But what He shows me, I say it. You believe it and watch what happens."*

51-0505 MY COMMISSION

The world was forever changed. Now, the people not only have the opportunity to read the Word, but they can also hear the Voice. With their own ears, they can hear special emphasis on certain words, and they can feel the Spirit by which the Message was brought. By this Voice, God revealed every mystery hidden through the ages until His Word was so complete, that the Bride of Christ in this modern day began to make herself ready to receive the return of the Lord Jesus.

## The Pulpit

Magnetic wire soon gave way to magnetic tape. Decades later, the Voice of God was duplicated with a digital audio file, which improved sound quality immensely. Over the past several years, this digital audio file has been improved with MP3 technology to allow many messages to fit on one, five-inch disk.

The new MP3 digital file, portable MP3 players, solar chargers, and rechargeable batteries have made the Voice of God vastly more available. The Bride of Christ has responded by listening to this Voice, and thereby drawing nearer to Him every day.

The prophet told us that there is a Bride from every nation. *Seeing the ministry come from, "Just shall live by faith," Martin Luther; sanctification by John Wesley; the baptism of the Holy Ghost by the Pentecostals, and the restoration of the gifts. And now, coming into that Morning Star begin to reflect, and all the churches pulling out of every church, every nation, every people, a Bride for His Name.*

60-0722 WATCHMAN WHAT OF THE NIGHT

It is the mission of Voice Of God Recordings to make the Message of William Marrion Branham available to every person on the face of the earth. God is using digital MP3 technology to accomplish this unparalleled effort. Where it was once rare to even see a copy of the Bible, it is now a reality that anyone willing can have the opportunity to hear the actual and genuine Voice of God to this generation.

The end result will one day be that the Bride walks so closely with God, that there will be no separation between God and man. The Voice that was first recorded some 60 years ago is quickly perfecting a Bride of Christ, and she will soon be raptured into Glory.

Until that day comes, Voice Of God Recordings is standing side by side with believers throughout the world with one common goal: To deliver Brother Branham's Message to each and every soul that is willing to hear. "He that hath an ear, let him hear what the Spirit saith unto the churches."

## The Fruits

The world ranks the African countries of Ghana and Nigeria among the poorest in the world, with an average income of about 700 US dollars per year. Through an investment by two humble churches in North America, one in Tucson Arizona and the other in Kinistino Saskatchewan, these countries became richer than even the wealthiest of nations. Every Message church in

these two countries will soon receive, a full library of Brother Branham's Message.

In all, almost 1.3 million of Brother Branham's sermons, about 300,000 Message books, and 1,100 MP3 players were

sent to Nigeria and Ghana this year. This precious material is affecting the lives of about 200,000 Message believers in those countries.

*Brethren, you may never get to realize the great deed you have done for this little part of the Body of Christ in Nigeria. You know, I have always worried about how almost impossible it was to get the entire Messages preached by our Prophet and what a drawback this would be for the believer who truly desired to follow the entire precept of the Message. But thanks to you all, I no longer need to worry, for now we have the entire "Storehouse" of the Alfalfa Food. Praised be our God!*

PASTOR FROM NIGERIA

*Many of us ministers have cried to God to help us get this material. Believe me, we will utilize it for the benefit of the flocks and to reach out to souls. I have no doubt in my mind that over the next few years, many more converts will be won, and more Message-believing churches will rise in Nigeria.*

PASTOR FROM NIGERIA

## Gathering the Flock

The Apostle Paul had hundreds of converts. Those hundreds quickly turned to thousands as the Word spread. The Holy Spirit is the same today as He was in Paul's day, and He is doing the same thing. In addition to the 586 churches that received the *Lighthouse* package in Nigeria a few months ago, there are over 60 new churches that recently requested and received their own *Lighthouse* package.

In Ghana, an equally large shipment recently arrived at our Tema office. By the time this issue of *Catch The Vision* is read, 448 churches in that country will have received their life-sustaining spiritual Food. We anticipate that, like Nigeria, many more churches in Ghana will soon come forward to receive their own packages. Holy Spirit-filled pastors are catching the Vision and feeding their sheep with the pure Word of God.

Throughout the world, the Bride is making herself ready. From the concrete jungles of Lagos, Nigeria to the thatched-roof huts of the Ghana countryside, thousands of black hands are raised in praise and thanksgiving to our Lord Jesus for sending a mighty Voice from Heaven. In this modern day, the Voice of Revelation 10:7 is revealing the mystery of God to the Bride of Christ. The living Message is being preached from the MP3 player pulpit, and the Bride is listening.

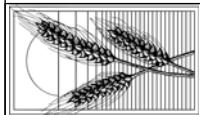

*But what about the true seed? It will happen just as we have said. The people of God are being made ready by the Word of Truth from the messenger to this age. In her will be the fulness of Pentecost for the Spirit will bring the people right back to where they were at the beginning. That is "Thus saith the Lord."*

AN EXPOSITION OF THE SEVEN CHURCH AGES, CHAPTER 10

CATCH THE VISION IS PUBLISHED BY VOICE OF GOD RECORDINGS, INC.

Dedicated to the ministry of God's prophet, William Marrion Branham.

*"But in the days of the voice of the seventh angel, when he shall begin to sound, the mystery of God should be finished, as he hath declared to his servants the prophets."* REVELATION 10:7

## Reflecting

When I was a young boy working at Spoken Word Publications, I often thought about the precious material I was packing into those old canvas *M-Bags*. While writing the addresses to Ghana and Nigeria on these boxes, I would think of the several months that it would take for these books to reach their final destinations. It troubled me to think of the reports that we would receive describing the poor condition that the books would be in when they arrived. After being in ships for several months, many times exposed to the elements and thrown around from place to place, they were almost totally destroyed. Sometimes there would not be any books left, just the bag full of wet paper.

I thought, "Lord, these few books for the whole Bride of these countries? It won't even come close to meeting their needs. With these few books to pass around, they will never have the chance that I have; to hear the Voice of the Seventh Church Age Messenger. There has to be a way." It seemed like an impossible task.

When the Lord placed me in the work at VGR, He led me to establish libraries around the world; Lighthouses where the people could come and get the books and tapes of Brother Branham. Oh, how I was thrilled that the people would now have a place in their country to hear the Message of the hour.

But there was still a burning desire in my heart to make sure every church and every believer would have access to the Message, because many of the libraries were just too far for the people to reach. Again, it seemed impossible. It would take millions of dollars for just these two countries. But praise be to God; He knew His children needed the Message of the hour, so He made a way.

I can't begin to express in words how I feel. To think that EVERY CHURCH and EVERY BELIEVER in both Nigeria and Ghana will have access to *every Word* the prophet spoke. A burden that seemed impossible when I was a young boy boxing books, has now been fulfilled. Thanks Be Unto The Lord.

*Bro. Joseph Branham*
